I haven't heard back from my chemist reviewing Wayne's data package. If he returns weds as he said, we can have it by This Friday. If not I will have to reassign the review and earliest will be Monday or Tuesday next week.

Hi George,

It was nice chatting with you this afternoon. I wanted to follow up on our discussion and ask for an approximate timeframe for the QA/QC of the data. If it will take a while, we will release the draft data (with appropriate caveats) to Ohio EPA as they are urgently requesting it.

Thanks,
-Ed
